

INSTITUTE REVIEW BOARD (IRB)

Last reviewed: 4/11/21

Issue: 01

Pages : 3

Policy	The research protocols are reviewed by IRB members and consultants with sufficient expertise. IRB members should have experience in the field of research methodology and provide sufficient information so that each member can provide an opinion on whether the regulatory criteria for approval are met.
Purpose	The purpose of INSTITUTIONAL REVIEW BOARD is excellent execution of ethical and relevant research work in relation to biomedical research that involves human or non human subjects.
Scope	<ul style="list-style-type: none">To guide IRB committee and investigators in the process of evaluating and deciding on the feasibility and preliminary ethical merits of research protocol by providing procedures to be followed during the submission.IRB committee will provide advice to the researchers on all aspects of the welfare and safety of the research participants after ensuring the scientific soundness of the proposed research.
Procedure	<p><u>The members constituted are:</u></p> <p>The HOD'S of the all the departments.</p> <p>At least one or two IRB members have been selected as the external consultant, who should be specialized in research methodology and statistics for the approval of the research proposals.</p> <p><u>Procedure:</u></p> <ul style="list-style-type: none">All the HODs of the departments are communicated to ensure the researcher to submit their research proposal to the IRB committee.The study proposals are to be presented to the IRB committee for acceptance or rejection of the study proposalIRB meeting should be conducted once in six months.The studies should go through Institutional ethical clearance after the IRB clearanceAfter the IRB approval and IEC approval the title of the study should be submitted to the Head of the Institute, which will help in the monitoring of the ongoing studies.The progress of the study should be evaluated by the IRB committee once in six months.If the progress is not satisfactory as assessed by the committee, then the committee (in consensus) can take the issue to the Head of the Institute for further action.If there are studies which require emergency IRB approval the committee can decide with the Head of the Institute to conduct the IRB meeting.
